

RESEARCH AND FELLOWSHIPS WEEK

MONDAY, SEPTEMBER 26

5:00 - 6:00PM, HBL Class of 1947 Room

RESEARCH & FELLOWSHIPS 101

What is research? What is a fellowship? How are they related? Come hear from ONS&F and OUR staff about how research can help you identify career and learning goals that can be pursued through competitive national fellowships. A panel of UConn students will reflect on their research journeys and share their experiences applying for prestigious awards. **UG**

TUESDAY, SEPTEMBER 27

12:00 - 1:00PM, HBL Class of 1947 Room

FACULTY REFLECTIONS ON RESEARCH & FELLOWSHIPS

Join us for a faculty panel where we'll hear from professors representing a range of fields about the ways in which fellowships have helped shape the trajectory of their academic careers. **UG & G**

5:00 - 6:00PM, Laurel 108

GETTING STARTED IN STEM RESEARCH

Are you interested in research but not sure how to get started? Join us to develop a strategy for pursuing research experiences in the STEM fields at UConn and beyond. **UG**

WEDNESDAY, SEPTEMBER 28

12:00 - 1:00PM, Rowe 420

PUBLIC SERVICE FELLOWSHIPS

Do you aim to focus your career on public service? In this session, we will discuss opportunities like the Carnegie Junior Fellows Program, the Pickering Fellowships, the Rangel Program, and the Truman Scholarship, which seek candidates committed to serving the public good. **UG & G**

5:00 - 6:00PM, Oak 108

EXPLORING RESEARCH OPPORTUNITIES: SOCIAL SCIENCE & HUMANITIES

Learn about the importance of early exploration and preparation in social sciences and humanities research, as well as how you can pursue your research interests through OUR funding programs and the University Scholar Program. **UG**

THURSDAY, SEPTEMBER 29

10:00 - 11:00AM, HBL Video Theatre 2

THE GOLDWATER SCHOLARSHIP

The Goldwater Scholarship is an opportunity for sophomores and juniors majoring in math, science, engineering, and non-clinical psychology who aspire to graduate study and research careers. **UG**

2:00 - 3:00PM, HBL Video Theatre 2

STEM PREDOCTORAL FELLOWSHIPS

Learn about the range of fellowship opportunities available to support graduate study in STEM disciplines, including the NSF Graduate Research Fellowship Program, NDSEG Fellowships, and NIH Awards. **UG & G**

5:00 - 6:00PM, HBL Class of 1947 Room

INTERNATIONAL FELLOWSHIP OPPORTUNITIES

The Fulbright U.S. Student Program, Boren Scholarship and Fellowships, and Critical Language Scholarships are just some of the programs that can support international opportunities in research, study, language learning, English teaching, and service - come to this session to learn more! **UG & G**

FRIDAY, SEPTEMBER 30

8:00 - 11:30AM & 1:00-2:00PM, Konover Auditorium

HOLSTER SCHOLARS RESEARCH PRESENTATIONS

Join us in the Dodd Center for research presentations from the nine 2016 Holster Scholars, Honors students who pursued self-designed, independent projects in the summer following their freshman year at UConn. **UG**

UG: For undergraduate students

G: For graduate students

Sponsored by the Office of National Scholarships & Fellowships (ONS&F), the Office of Undergraduate Research (OUR), and the Graduate School.
